

I am telling you now, the reason we cannot, as a common voter, have our voice heard and our rights under the constitution protected is because the polititions in Washington have and will continue to sell their vote to the highest bidder. The main stream media is only a lackey feeding disinformation, for the political advance of a choosen few. The poor common man either buys into it, feels he can't do anything about it or has become numbed and indifferent to a totally corrupt government. Our political system is a sham of it's former glory and if our founding fathers were alive today they would be outraged. So now, dear FCC and CONGRESS, are you going to sell your SOUL for money and behind door corrupt acts like the rest of our wonderful leaders in Washington or are you going to defend my rights as a tax payer and a true Son of Liberty and tell the National Association Of Broadcasters to take a hike!!!!!!!!!! I cannot believe that a bill like HR 4026 is even being intertained in Congress. I cannot believe your flirting with the NAB Mr Charles "Chip" Pickering and Mr. Gene Green, the BACK DOOR DEALINGS and POLITICAL "KICKBACKS" must be lucrative. Let your conscience and your desire for a HONEST POLITICAL FUTURE be your guide, if you want to have a political future, WE CAN VOTE YOU OUT OF OFFICE!!! Then what would you do for a living? HUMMMM.

I am a regestered voter and represent the common man. WE are Quickly loosing our patience with a corrupt political system, a system that has grown fat off of the the tax dollars of the common man. WE WANT OUR CONSTITUTION BACK NOW!!!!!!!!!!!!!!!!!!!!!! Reject petition 04-160.
